## Street and Highway Plan Update

Over time, community priorities and growth patterns shift – the Street and Highway Plan Update reflects those changes. This plan is part of the Grand Forks-East Grand Forks MPO Metropolitan Transportation Plan and is updated every five years. It provides an opportunity for the MPO to check in with its partners, stakeholders, and the public on existing and emerging transportation considerations.

## Street and Highway Plan Update

### PLAN DEVELOPMENT TIMELINE

Over the past few months, we have gathered data, conducted analyses to understand how the transportation system operates today, started collecting feedback from the community and began developing strategies to address the current system's deficiencies. Going forward we will continue to collect community feedback and finalize suggestions to implement the community's vision for the future of transportation in the Grand Forks-East Grand Forks Area.

### The plan will include data analysis & insights on:

Traffic Operations

Complete Streets Integration

Safety

Infrastructure Maintenance

Future Project and Policy Prioritization & Recommendation
